

Perry County Public Library & Coronavirus (COVID-19)

Update: March 24, 2020

In order to help maintain the health and safety of our staff and patrons, the Perry County Public Library will continue closure to the public through April 19, 2020. Staff will now be working from home beginning March 24, 2020. The drive-thru window will now be closed. Please keep all library items until we re-open. There will be no overdue fines for items you have. Access to the library's WIFI will still be available in the library's parking lot. We are continuing to monitor directives issued by Governor Beshear, as well as the Dept. for Public Health. It is our hope that by limiting close contact we will do our part to help slow the spread of COVID-19 among patrons and staff. All scheduled programs and meetings planned by our library and bookmobile are cancelled through April 19, 2020. Please visit our wealth of materials available online that may be accessed on our website at www.perrycountylibrary.org. We will post updates to Facebook, the library website, and media. If you have any questions, e-mail to: library@perrylib.org. For the most accurate and up to date information, please continue to visit <https://chfs.ky.gov/agencies/dph/pages/covid19.aspx> We appreciate your support and look forward to serving you when the public health risk has subsided.

Elaine Neace, Director
