## New Release

"In the lush rolling hills of Lone Oaks, KY, the good life is measured in sips of aged bourbon and the thrill of the world's most famous horse race: the Kentucky Derby . . . When news of her grandfather's stroke sends Jo Beth Ellis back to the family farm, she finds it in danger of foreclosure. Lone Oaks Crossing is in rough shape, but Jo has big plans—she'll use her expertise as a Derby-winning horse trainer to reinvent the property as a healing retreat. But renovating while trying to keep her independent grandfather in check is a huge job for one woman—and even more challenging when she receives her first client, the unruly fourteen-year-old Cheyenne, who is determined to do anything but cooperate. Jo is at the end of her rope when neighbor Brooks Moore offers her a deal she can't possibly refuse . . . Jo may have sworn to leave the gambling and vicious competition of horse racing behind her, but training Brooks's gorgeous thoroughbred is a challenge she can't resist, especially when sulky Cheyenne takes a shine to him—and when Brooks is sinking an outrageous amount of money into rehabbing the farm, and even rolling up his sleeves to help. With a troubled teen's spirit and her grandfather's faith in her on the line, Jo steps into a tentative partnership with the undeniably attractive Brooks. Against all odds, she dreams of winning a trifecta—a champion horse, a happy family, and a forever love." -Overdrive

### Between The Covers Book Club

April 2nd / Meeting at 5pm / Ages 18+ / \*Preregistration required.  
Our pick this month is *The Husbands* by Chandler Baker.

"To what lengths will a woman go for a little more help from her husband? Nora Spangler is a successful attorney but when it comes to domestic life, she packs the lunches, schedules the doctor appointments, knows where the extra paper towel rolls are, and designs and orders the holiday cards. Her husband works hard, too... but why does it seem like she is always working so much harder? When the Spanglers go house hunting in Dynasty Ranch, an exclusive suburban neighborhood, Nora meets a group of high-powered women—a tech CEO, a neurosurgeon, an award-winning therapist, a bestselling author—with enviably supportive husbands. When she agrees to help with a resident's wrongful death case, she is pulled into the lives of the women there. She finds the air is different in Dynasty Ranch. The women aren't hanging on by a thread. But as the case unravels, Nora uncovers a plot that may explain the secret to having-it-all. One that's worth killing for. Calling to mind a Stepford Wives gender-swap, New York Times bestselling author of Whisper Network Chandler Baker's *The Husbands* imagines a world where the burden of the "second shift" is equally shared—and what it may take to get there." -Amazon

Join us for our new book club. Settle-in as we watch the movie that was adapted from the books that inspired them. We're not stopping there; you'll take a copy of the book home to read afterwards. You read that right! We're watching the movie first then we're reading the book. Our movie/book combo for this month will be *Water For Elephants* by Sara Gruen. Due to limited space & copies, preregistration is required.

"Though he may not speak of them, the memories still dwell inside Jacob Jankowski's ninety-something-year-old mind. Memories of himself as a young man, tossed by fate onto a rickety train that was home to the Benzini Brothers Most Spectacular Show on Earth. Memories of a world filled with freaks and clowns, with wonder and pain and anger and passion; a world with its own narrow, irrational rules, its own way of life, and its own way of death. The world of the circus: to Jacob it was both salvation and a living hell. Jacob was there because his luck had run out—orphaned and penniless, he had no direction until he landed on this locomotive "ship of fools." It was the early part of the Great Depression, and everyone in this third-rate circus was lucky to have any job at all. Marlena, the star of the equestrian act, was there because she fell in love with the wrong man, a handsome circus boss with a wide mean streak. And Rosie the elephant was there because she was the great gray hope, the new act that was going to be the salvation of the circus; the only problem was, Rosie didn't have an act—in fact, she couldn't even follow instructions. The bond that grew among this unlikely trio was one of love and trust, and ultimately, it was their only hope for survival. Surprising, poignant, and funny, *Water for Elephants* is that rare novel with a story so engrossing, one is reluctant to put it down; with characters so engaging, they continue to live long after the last page has been turned; with a world built of wonder, a world so real, one starts to breathe its air." -Amazon
