Between The Covers Book Club

May 6th / Meeting at 5pm / Ages 18+ / *Preregistration required.

Our pick this month is *Wrong Place Wrong Time* by Gillian McAllister.

"Can you stop a murder after it's already happened?"

It is midnight on the morning of Halloween, and Jen anxiously waits up for her 18-year-old son, Todd, to return home. But worries about his broken curfew transform into something much more dangerous when Todd finally emerges from the darkness. As Jen watches through the window, she sees her funny, seemingly happy teenage son stab a total stranger. She doesn't know who the victim is, or why Todd has committed such a devastating act of violence. All she knows is that her life, and Todd's, have been shattered. After her son is taken into custody, Jen falls asleep in despair. But when she wakes up...it is yesterday. The murder has not happened yet—and there may be a chance to stop it. Each morning, when Jen wakes, she is further back in the past, first weeks, then years, before the murder. And Jen realizes that somewhere in the past lies the trigger for Todd's terrible crime...and it is her mission to find it, and prevent it from taking place. both the story of a mother's love and the sacrifices she will make for her child, and a thriller with a brilliant twist, *Wrong Place Wrong Time* is a one-of-a-kind novel that begs to be read in one sitting." -Amazon

May 8th / Meeting at 4:30pm / Ages 18+ / *Preregistration required.

Join us for our new book club. Settle-in as we watch the movie that was adapted from the books that inspired them. We're not stopping there; you'll take a copy of the book home to read afterwards.

You read that right! We're watching the movie first then we're reading the book. Our movie/book combo for this month will be *Snow Falling On Cedars* by David Guterson. Due to limited space & copies, preregistration is required.

"Gripping, tragic, and densely atmospheric—a masterpiece of suspense San Pedro Island, north of Puget Sound, is a place so isolated that no one who lives there can afford to make enemies. But in 1954 a local fisherman is found suspiciously drowned, and a Japanese American named Kabuo Miyamoto is charged with his murder. In the course of the ensuing trial, it becomes clear that what is at stake is more than a man's guilt. For on San Pedro, memories of a charmed love affair between a white boy and the Japanese girl who grew up to become Kabuo's wife; memories of land desired, paid for, and lost. Above all, San Pedro is haunted by the memory of what happened to its Japanese residents during World War II, when an entire community was sent into exile while its neighbors watched." -Amazon
